The Ageing Implant

ITI Congress Southern Africa 2025

Century City Conference Centre, Cape Town
April 12-13, 2025

Join us for the ITI Congress Southern Africa 2025!

This congress will delve into the delicate matter of unwanted complications and consequences of implant therapy using tried and tested evidence based protocols to plan and achieve better outcomes for your patient.

Highlights include:

- Pre-treatment diagnostics and ridge preservation with PET techniques
- Perspectives on aging implant restorations and soft tissue management
- Advanced techniques for bone grafting and full arch restorations
- Latest trends in peri-implant tissue health and treatment of peri-implantitis

Book your seat today!
